

Junior Web Developer Job Description

Beardow Adams – Milton Keynes, England

Introduction:

Beardow Adams is a world leader in hot melt adhesives manufacturing in Milton Keynes. We export worldwide and provide technical expertise to our Global Partners.

Our products are used daily in tens of thousands of businesses and households globally – from box closing and carton sealing, the pages in a book, the mattress you sleep on, or the self-adhesive tape used on your next present will all be manufactured using an adhesive.

Our products are developed to meet the exact needs of the markets they serve and are designed to deliver unrivalled benefits to their end users. They help customers to maximise their products' potential, whilst differentiating their brands, improving product performance, and maximising manufacturing efficiencies.

We are recruiting for a **Junior Web Developer** who can help provide an efficient and friendly IT service to site and home based employees. Who can maintain and develop company's intranet and databases. As well as provide support as directed to all infrastructure, applications and systems, bespoke and ready-made software.

Job Title: Junior Web Developer

Responsibilities:

- Maintain, develop and support the Company's intranet system, SQL server and databases.
- Understand and develop the structure of our Intranet and underlying processes.
- Recognise how the data within the SQL Server is provided to the Intranet and develop as required.
- Maintain and support the Intranet using Visual Studio.
- Develop, test and support new or replacement Intranet pages using Visual Studio.
- Develop, test and support new or replacement data tables/views and stored procedures using SQL Server Management Tools.
- Carry out computer hardware and software maintenance, testing and programming.
- Implement hardware and software security measures.
- Provide backup to colleagues in diagnosing and fixing network problems.
- Assist in producing document, help / information sheets for employees.
- Provide day-to-day help and advice on an ad hoc basis.
- Develop and support ICT related projects and systems as required.
- Follow all Company policies relating to product safety, hygiene, and H&S regulatory compliance

Skill & Experience

- HTML, CSS, JavaScript
- Preferable - C#, VBScript, Classic ASP, ASP.NET
- T-SQL
- MS Office 365
- Windows 10 and 11
- Strong communication, literacy and IT skills

What we'll offer you:

We offer 28 days holiday (including Bank Holidays), private medical healthcare after 6 months, bonus, free parking, a fully equipped canteen area for you to cook and store your meals, plus free tea and coffee, cycle to work scheme, great pension and Perkbox for retail discounts.

Location:
